Grade Posting Permission Form

University (and Federal) rules do not allow me to post grades in a public location without your permission. I am also not allowed to use your student ID (or any part of it). So, if you want to keep track of how you are doing (and to make sure your grades are being properly recorded), I will post updates of your grades on the class web site as the semester progresses – but ONLY if you complete this form. The grades will be posted on the web site listed next to the code you provide below. The grades will be posted on a public web site, so use a code that does not reveal your identity.

IF YOU WANT YOUR GRADES POSTED:

1. Write a 6-letter Code Identifier, and MAKE A NOTE OF IT. Your grades will appear next to this Code on the class website.
2. Sign your name (this is a legal document!)

I hereby authorize Professor Cassano to post my Spring 2010 ATOC 1050 grades on the class website, using the code given below to identify me.

NAME (print): _____

STUDENT ID NUMBER: _____

CODE (6 Letters, A – Z only, capitals only, such as: TRWXXA): _____

Your Signature _____
